

IMRUA CONGRESS PROGRAM

INVITATION LETTER

Dear EMS Professional, Esteemed Guest.

We would like to extend a cordial invitation to you to join the International Fire & EMS Motorcycle Response Unit Association (IMRUA) and its partners SMURD and the Romanian Department of Emergency Situations for the 15th Anniversary IMRUA Congress, Traumatic Injuries - The Fastest Road to Recovery, to take place in Targu Mures, Romania from 3-5 October 2024.

The Congress registration can be performed at www.imruassociation.org where optional program, participation fee and hotel discounts can be viewed as well.

Our Congress is not just for the EMS Motorcycle Professional. While we will be emphasizing professional development for Motorcycle Rescuers worldwide, these skills are crucial for all Emergency Medical Services rescuers of all levels and an interesting opportunity to view what motorcycle Fire and EMS can do if your department is considering fast, efficient and very effective additions to your EMS and Fire services. The structure of the congress will be a meet up in Budapest on the 2nd October and on the 3rd in the morning a group ride from Budapest to Targu Mures. The 4th October will be interesting lectures on important topics in Trauma and EMS by professionals in the field from around the world. The 5th October there will be a chance to walk around the historic city center where various practice stations will be set up allowing you to practice the vital knowledge spoken about the prior day while enjoying the spectacular Autumn weather and the beautiful City of Targu Mures. 5th evening will be the closing gala dinner and the celebration of 15 years of IMRUA.

For any additional information or if you have questions or concerns, please feel free to reach out to us at congress@imruassociation.org

We look forward to seeing you in October.

Sincerely

*Dr. Raed Arafat
Secretary of State
Department Chair
Romanian Department of Emergency Situations*

*Dr. Patric Lausch
IMRUA President*

3-6 OCTOBER 2024
Târgu-Mureș, Romania
